Action Taken Report on Feedback 2021- 2022

IQAC makes it a tradition to collect annual feedback from stakeholders- students, teachers, alumni, employers and professionals which is done by the Curriculum planning committee in month of July to August 2022 and analysis report prepare in month of August 2022.

SL. NO	SUGGESTIONS/COMPLAINTS/FEEDBACK	ACTION TAKEN
1	I am studying in FY.B.SC Nursing. I am very satisfied for my academic work and teaching of my college. Overall teaching and all activities are very good.	-----
2	Notification of examination (College Level) should be declare before one month. Provide proper guidance for practical exam. Provide question for the last year. <i>(This feedback received from SY PB B.Sc.)</i>	Class coordinator Ms. Seema Boresa and course coordinator interacted with students one by one regarding class problem, discussed the problem and resolve the problem. All program question bank available in the library.
3	Some of the faculty's conducting lecture in regional language. But as a student's we have to write answers in English. So faculty should take lectures in English language.	Class coordinator Mr. Sachin Sharma and course coordinator Mr. Kailash Nagar interacted with student and discussed that: <ul style="list-style-type: none">• In First year, some students are facing language problem especially from Gujarati medium, so to facilitate them teachers are using mixed (English & Gujarati) language for easy teaching-learning process.• For students extra English learning class arranged Now, onwards teachers will also conduct classes in English only. all students will not be able to understand English and so that faculties are using mix language in class
4	As a student's of DPCN. We feel proud to be students. Because here students gets all round development and best teaching and clinical experience. <i>(This feedback received from F.Y. B.Sc.)</i>	----- 

5	We need AC in Class Rooms.	Now institute is thinking to install AC in class room. And already Renovation work started from the third floor, POP and LED light
6	Best Infrastructure College	-----
7	Please change the timing of your college, 9-5 is not appropriate for long distance students who travel using public transport. Students face many difficulties to reach at home in evening. So my humble request for you to change the timing, I think 8-4 is better one.	Institute timing will remain as per the norms and regulation of Council and university. Furthermore, Institute is offering hostel facility for boys and girls.
8	Other activity is not necessary like this days Celebration.	Day celebration concept given by final year students. That's why Institute organise. Institute is looking for all round development of students by organizing various important health days' celebration as a part of community engagement and outreach program.
9	Above respective faculty needs to be unbiased and impartial!!!	Faculties were interacted regarding the same. Open forum meeting organized to resolve the issue.
10	I am studying in FY.BSc. I am very happy about my classroom teaching and curriculum activities done by my teachers. Overall the academic and non academic work is good. I feel proud as a student's of this institute.	-----
